

FOR MEDIUM DUTY BENCH WORK • MODERATELY PRICED • FOR FARMS, HOME WORK SHOPS, GARAGES, SMALL SHOPS, LABORATORIES, ETC.

# The TORCO BENCH VISE offers

## 12 POINTS OF *Superiority*

1. Body is made of high grade semi-steel alloy possessing great tensile strength. Will give years of service.
2. No dead motion in steel spindle, which is  $\frac{5}{8}$ " O.D. and is precisely threaded.
3. Covered body aids in keeping out dust and particles from internal moving parts.
4. No side play in jaw because bar guide hole is BROACHED to close tolerances.
5. Interchangeable and removable hardened and serrated steel jaws.
6. Interchangeable and removable pipe jaws with sharp, gripping teeth which will hold pipe or round stock firmly and safely.
7. All moving parts are precision made and interchangeable.
8. Easy to sell because of streamline design and beautiful battleship-gray spray finish.
9. Swivel base, double locked to provide greater security. Also now made with slide-bar nuts as illustrated.
10. Accurately ground anvil.
11. Available in two sizes—Torco-Junior,  $3\frac{1}{2}$ " jaw with or without swivel base and with or without pipe jaws. Torco-Senior, 4" jaw with or without swivel base and with or without pipe jaws. Both models when equipped with pipe jaws have a capacity from  $\frac{1}{8}$ " to  $1\frac{1}{4}$ " pipe or  $1\frac{3}{4}$ " O.D. bar stock.
12. Dealers not obliged to carry excessive stocks. Due to interchangeable parts feature, dealers stocks can be held to minimum. Swivel can be removed from vise for sale of stationary vise. When replacement stock is received, swivel can be reattached. Pipe jaws can be inserted quickly in both Torco-Junior and Torco-Senior types.

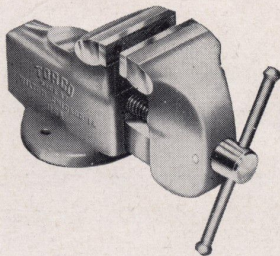

# SIZES AND PRICES OF TORCO HOME & SHOP VISES
